PERMING FIXING NOURISH CREAM FILLER VITAMINE FILLER

STEP 1 PERMING

Perming Lotion 1 : is the first step in eyelash or brow lifting, after the eyelashes have been attached to the silicone pad. It opens the hair structure and the eyelashes/eyebrows are brought into the desired shape. Exposure time: 5-8 min.

STEP 2 FIXING

The Fix Lotion 2 : is the next step after the Perming Lotion. It neutralizes the hair and closes the eyelashes/eyebrows in their new shape. Exposure time: 5-8 min.

STEP 3 NOURISH

The Nourish 3 : is used as the last step after lifting or coloring. It contains important ingredients, including keratin, which gives the hair care and moisture after a lift. Gently loosens and removes the silicone pads from the eyelids.

NOEMI POWER GLUE

Noemi Lifting Power Glue is a water-based adhesive that is gentle and easy to work with! It has high tensile strength and flexibility. Clear, non-toxic lash lift adhesive to hold lash lift shields onto eyelid skin and hold lashes on lift shields.

NOEMI CREAM FILLER

Specially developed to care, nourish and protect eyelashes and eyebrows. Cream Filler completely repairs damaged hairs and gives a full, even texture. In addition, it forms a strong molecular film on the lashes, volumising them and protecting them from external agents. In addition to hydrolysed pea protein, it contains functional ingredients such as vitamin B5 and vitamin E and olive oil. An energising formula that works for eyelashes and eyebrows

NOEMI CREAM FILLER

The Lash&Brow Vitamin was specially developed to provide the eyelashes with maximum care with important nutrients. After a lift, it supplies important nutrients to dry and damaged eyelashes. In addition to hydrolysed keratin proteins and hydrolysed jojoba proteins, it contains functional ingredients: 3 vitamins (A, B, E) and 1 provitamin (B5) as well as 3 natural oils. A working energy formula for the lashes.

NOEMI SUPER STICKY STRONG

Noemi Glue Balm Strong is a new formula and stronger, for all those who didn't manage to work with the classic Glue Balm.

Absolutely unique and first on the beauty market as a strong version and new formula, as well as consistency. Noemi was the first to develop/invent an eyelash-lifting glue in the form of a balm rich in vitamins and nutrients, which, unlike normal eyelash glue, prevents the eyelashes from drying out, while not drying completely during the treatment.
